

RAWAN BASIMEAH

Business Analyst | Data & Customer Experience | UX/UI

Riyadh, Saudi Arabia • basimeahrawan@gmail.com • LinkedIn

PROFESSIONAL SUMMARY

Results-driven Business Analyst with 9+ years of experience in insurance and telecommunications. Proven track record in developing enterprise dashboards, driving data-informed decision-making, and optimizing channel performance. Expertise in Power BI, Oracle BI, and survey design tools. Recently completed a Professional Diploma in UI/UX Design from Anas Academy (2025), combining analytical skills with user-centered design principles.

PROFESSIONAL EXPERIENCE

Specialist — Business Analysis

MEDGULF Insurance Company

Riyadh, Saudi Arabia | Mar 2025–Present

- Analyze customer experience data to track purchasing performance, identify trends, and generate actionable insights for stakeholders.
- Design and deploy customer feedback surveys using EXBO and SurveyMonkey to measure satisfaction and guide service improvements.
- Deliver end-to-end Sales reporting, including performance dashboards, incentive tracking, and trend analysis.

Specialist — Channel Management Performance & Partnership Strategy

Tawuniya Insurance Company

Riyadh, Saudi Arabia | Dec 2023–Feb 2025

- Built enterprise dashboards across business lines and channels, showing revenue, claims ratio, and profitability KPIs.
- Designed an intermediary segmentation model to evaluate broker eligibility and performance.
- Developed channel dashboards for aggregators and bancassurance, analyzing sales funnels and conversion.
- Led motor customer segmentation to support targeted campaigns and personalized sales strategies.
- Partnered with Sales, Marketing, IT, and Underwriting to align dashboards with business goals.
- Presented data insights and recommendations to senior leadership.

Specialist — Health Value Added Services

Tawuniya Insurance Company

Riyadh, Saudi Arabia | Oct 2022–Dec 2023

- Led chronic disease management programs and telemedicine consultation services for policyholders.
- Built sales dashboards to track utilization and effectiveness of value-added medical services.
- Established data collection and reporting systems to monitor service delivery quality.
- Automated weekly reports for multiple departments to improve operational visibility.
- Supervised a team to support consistent service and customer satisfaction.

Executive — Project Management

Tawuniya Insurance Company

Riyadh, Saudi Arabia | Jan 2020–Oct 2022

- Managed insurance projects end-to-end, ensuring on-time delivery and alignment with strategic objectives.
- Coordinated internal teams and external stakeholders for smooth delivery.
- Developed customer support frameworks and escalation-resolution strategies.

Hospital Delegate

Tawuniya Insurance Company

Riyadh, Saudi Arabia | Sep 2018-Jan 2020

- Coordinated between hospitals and the insurer to support timely care and approvals.
- Resolved claims-related issues and supported customer satisfaction.

Telesales Representative

Go — Etihad Atheeb Telecommunication Company

Riyadh, Saudi Arabia | Oct 2015-Sep 2018

- Promoted telecommunications services through outbound sales and met monthly sales targets.
- Provided customer service while meeting sales and satisfaction benchmarks.
- Recorded customer interactions in CRM and tracked sales conversions.
